

International Faculty Development Programme

on

Pharma Spectrum: Fostering Academic Excellence,
Research and Innovation in Health Sciences

03rd – 08th August 2026

Organized by

Department of Pharmacology and Pharmacy Practice
Vaagdevi Institute of Pharmaceutical Sciences

In association with
APTI Telangana State Branch

Mode: Online

About The Programme:

Pharma spectrum is an International Faculty Development Programme, which provides a dynamic platform for faculty members, researchers, and academicians to enhance their teaching, research, and professional competencies through expert-led sessions and collaborative learning. It aims to promote innovative educational practices, strengthen research culture, encourage interdisciplinary collaboration, and facilitate global academic networking to advance quality education and research in Health Sciences.

Objectives:

- To empower academics excellence and professional growth among faculty members.
- To promote a strong culture of research, innovation, and scholarly activities.
- To enhance teaching-learning practices through modern educational approaches.
- To provide insights into emerging trends and advancements in Health Sciences.
- To encourage interdisciplinary collaboration and global academic networking.
- To strengthen quality, leadership, and institutional excellence in higher education.
